

# Find the Liner for Your Needs

Use this selection chart to find the liner that suits your production system and market deadlines.

**Start by determining what size container you will be producing**

**Small Container Production**  
4.25" Grande™ to 1.0 GL Royale™

**Large Container Production**  
Hanging Baskets, Upright Containers, etc.

Don't forget to select 'Tag Exchange' when placing your Large Container Order to reduce excess tags and increase visibility.

**Which product will you be growing?**

**ANNUALS**

Do you want faster crops, more robust plants and no pinching?

Yes → **Supernova® 52 liners**  
**Supernova 50 liners**

No → **Standard liners**

**PERENNIALS**

How quickly do you need to grow?

Fast — finish 1.0 GL in one season next to my annuals → **Supernova liners**

Typical perennial timing (summer – spring) → **Standard liners**

**FLOWERING SHRUBS**

How quickly do you need to grow?

Fast — I need to turn them! → **Quick Turn™ liners**

Typical shrub timing (summer – spring) → **Standard liners**

**Which product will you be growing?**

**COMBINATIONS**

Create your own combinations → Will they include Thrillers? → Yes → **Supernova 28 Thriller™**

→ No → **Standard liners**

Use predetermined combinations → **Bundled Combinations**

**MONOCULTURES**

→ **Standard liners**
